

Welcome to Studio Hamburg Design Works GmbH - Ignite Your Creativity with Us!

We are one of the leading companies for studio and set construction. We invite you to join our dedicated team. With many years of experience, we bring our clients' ideas to life and turn their visions into impressive results. We work on projects in Germany and around the world and are known for setting high international standards. We create custom solutions that combine design and function. Our work includes decorations for film, television, theatre, and musicals, as well as event design, museum exhibitions, special furniture for control rooms and studios, and custom installations on cruise ships – and much more. At our locations in Hamburg and Berlin, we use modern machines and technology to make sure our work is high-quality and efficient. Bring your talent and help us create spaces that people will remember. Become part of our team and help shape the future of Studio Hamburg Design Works GmbH. More information: www.studio-hamburg-design-works.de.

We are looking for you to join our team in **Hamburg** as soon as possible as a

Metalworker (m/f/d)

Your Responsibilities:

- Fabricating metal structures for a variety of projects, including set pieces and custom constructions for film, TV, theatre, musicals, and technical furniture
- Operating standard workshop equipment, CNC machines, and laser cutting systems
- Inspecting finished components to ensure high quality and precision
- Supporting the continuous improvement and development of our metal workshop processes

Your Profile:

- Completed vocational training as a metalworker, precision mechanic, or in a similar profession
- Accurate and reliable working style, especially when working from technical drawings
- Experience in working with steel, stainless steel, and aluminum
- Knowledge of various welding techniques – ideally with valid welding certifications
- A strong team player with reliability, initiative, and creativity in problem-solving

What We Offer:

- A varied and dynamic working environment in a dedicated and friendly team
- An open and positive workplace culture with flat hierarchies and short decision-making paths
- Profit-sharing and additional benefits, including: Subsidized Deutschlandticket (public transport pass), Family support services, Bike leasing program, Employer contribution to company pension scheme, On-site

company canteen, Parking garage on the premises, Company sports activities

Interested? We look forward to receiving your application via our **online form**. Please include your salary expectations and your earliest possible start date.
